

THE CENTRAL RECORD.

TWENTY EIGHTH YEAR

LANCASTER, KY., THURSDAY AFTERNOON, JUNE 28, 1917.

NUMBER 12.

Oxygen--Acetylin Welding.

This is a new invention for Welding, Casting,
Wrought Iron, Brass, Etc.

We have installed this plant in our shop.
Don't throw away your broken casting, but
bring them to us. We can weld and make
good as new--in fact we can build them up
and make stronger.

Conn Brothers.
LIVE AND LET LIVE FOLKS.

The Germans are getting no rest in
Belgium and Northern France.

Gardens have come into their own--
the high cost of living will come down a
notch or two, for which let us be
thankful.

History is being made so fast in these
stirring times that what has scarcely
occurred when the paper goes to press
has become ancient history before it is
in the hands of the subscribers.

The Czar of Russia and the King of
Greece have already gone. The King
of Spain seems tottering on his throne
and if the Kaiser is not entirely bereft
of brains, he too must see that he is
slated to go.

Who shall question the patriotism of
our people, after seeing the rapt
attention paid the masterful address of
Gov. Stanley, Sunday night. Who
shall question it after hearing the gen-
erous offerings of our people.

The Red Cross canvass in Garrard is
on. Let it be pushed. At this time in
our national history there is no place
for the tightwad. The boys who fight
to protect your property and your lib-
erty are entitled to your support.

The citizens of Boyle county are re-
sponding liberally to the call for Red
Cross funds. It now appears that
Boyle county will easily furnish her
quota of \$10,000. Practically every
one is contributing. This is striking
evidence of the patriotic spirit of the
community.

Admitting that she made remarks
disloyal to the United States, Miss
Dora Israel was discharged from San
Francisco Public Schools after seven-
teen years teacher in the local schools.
She told the board of education she
could not teach children to honor the
flag because she said it meant nothing
to her.

BACON ECONOMY.

As we told you most Bacons contain an excess of salt.
They require to be freshened before being cooked.

These Bacons cost less per pound than ours, but when
you figure on this salt at about 15c a pound, there is a
different story to tell.

The beauty of our Bacon is that there is not the least
bit of waste about it.

In a pound of it there are 16 ounces that
can be eaten. We would be glad to have you
try the brand we handle.

We think you would agree with us that it is a superior
article.

Currey's

REV. H. S. HUDSON.

Chairman of the local Red Cross
Society of Garrard county. He intro-
duced Governor Stanley Sunday night
and his announcements of his coming
both from his pulpit and telephone
helped to make the meeting the success
it was.

As Chairman of the local Red Cross,
he was the instrumentality, with
earnest assistants, in receiving in one
evening nearly \$2,000 for the American
Red Cross fund. He is now asking for
more \$100 subscriptions and hopes to
have as many as thirty such donations
by the end of the week. While the
local chapter has never been assessed
any definite amount, it is thought that
\$5,000 can and will be raised in Gar-
rard county.

FIRST TOMATOES.

Mr. R. L. Elkin reports the first ripe
tomatoes of the season, a sample of
which he recently brought to this office.
It is said that Mr. Elkin has about
the best garden around these "diggins".

SQUIRE HAM ANNOUNCES.

The announcement of the candidacy
of Mr. John Ham for the renomination
for magistrate for district number 3,
appears in this issue of the Record.
No truer democrat ever offered for of-
fice in this county and the record he
has made during the past two years he
has held the office, should be sufficient
recommendation to insure his renoma-
ination and election.

SMALL FIRE.

Tuesday afternoon about five o'clock
the residence owned and formerly oc-
cupied by postmaster E. P. Brown
caught fire from a defective flue but
was extinguished by the prompt arrival
of the fire department, with a loss of
about \$200. The house was occupied
by Mr. M. M. Turner whose loss is
small from water damage. He had no
insurance.

MUCH NEEDED REST.

Mr. Louis Landram, editor of this
paper is taking a much needed rest.
Mr. Landram has been slightly indis-
posed for some weeks. Every one is
hoping to see him back in the harness
in the next few days. Danville Mes-
senger.

What "Bangs" needs is old Garrard,
old friends, old jokes and he will be
himself again. The latch-string on
every door hangs on the outside for
him.

MEMORIAL SERVICES.

Mr. Vernon Thompson, son of Mr.
and Mrs. J. Booth Thompson, who for-
merly lived here and is well remem-
bered, was killed in a mine disaster near
Butte, Mont., a few days ago. He was
about 21 years old and was promi-
nently connected.

Short memorial services will be held
in his memory next Sunday morning at
the Christian church. Much sympathy
is expressed for the bereaved family
in the loss of their only son.

REAL CLEAN UP SALE.

Those persons who are hunting for
bargains should not fail to read the
advertisement in this issue of the Re-
cord and attend the sale of J. E. Dick-
erson, which begins Saturday June 30th.
The immense advance in price of many
articles which Mr. Dickerson is offer-
ing at less than the wholesale price to-
day, should keep his store crowded
until his entire stock which he is offer-
ing is sold.

FINE SADDLER.

Mr. N. W. Rogers, of Paint Lick and
one of the best judges of horse flesh in
this part of the state, purchased a
walking mare of Steve Halcomb last
Monday, that will open the eyes of
many competitors in the fair rings
throughout the state during the com-
ing circuits. She is a beautiful sorrel
and has the "running walk" down to
perfection. Mr. Rogers paid \$300 for
her without a word and was offered a
handsome profit by several during the
day.

GOVERNOR STANLEY

Addresses Large Crowd In Interest Of
Red Cross. Nearly \$2,000 Raised.

Responding to the call to aid in rais-
ing the \$100,000,000 asked for by the
American Red Cross Society, \$700,000
of which is to be raised in Kentucky,
Lancaster and Garrard county will
answer the call as patriotically as she
responded to the Liberty Loan and
will do her part in this worthy work.

The meeting was held in the large
tent of the Renpath Chautauqua and
every inch of space was filled. Rev.
H. S. Hudson who is the chairman of
the local Red Cross called the meeting
to order, which was opened by a scrip-
tural reading and prayer by Rev. Pal-
meter, of the Methodist church. The
platform was crowded with the local
Red Cross workers, dressed in their
conventional uniform. Many patriotic
songs were sung and an interesting
talk by Rev. H. S. Hudson, entertain-
ed the audience until the speaker of
the evening arrived, when he in turn
introduced Governor Stanley, who in
response to an invitation from the ex-
ecutive committee of the local Red
Cross organization delivered one of the
most impressive speeches in praise and
defense of the Red Cross Society that
has been heard in a generation. Al-
ways interesting and likewise eloquent,
he showed a familiarity with the work-
ings of the order and gave a review of
the war programme since the Prussians
treated the treaty of Belgium as a mere
scrap of paper to the latest aeroplane
raids on London killing and wounding
women and children in their desperate
and savage warfare. The Governor
emphasized the fact that the United
States had never attempted to do any-
thing other than humane. In any action
she had ever taken in previous wars,
history had proven to be in defense of
helpless humanity from the fact it had
never desired territory or power.

He represented the policy of our
country as a democracy of service to
the world and thru this spirit to bring
about the peace of nations. He made
it plain how we were forced into this
war, speaking in scathing language of
the insults and aggressions of the Im-
perial German Government which left
us no choice but to take up arms in
defense of our rights as a free people
and of our honor as a sovereign govern-
ment. The military masters of
Germany denied us the right to be
neutral, they impudently denied us the
use of the high seas and repeatedly
executed their threat that they would
send to their death any of our people
who ventured to approach the coast of
Europe.

He dwelt upon the fact that tho we
were remote from the roar of guns and
this dreadful carnage we must not de-
lude ourselves with a false sense of
security. He spoke feelingly of the
brave young men of the nation who
were taking up the bitter task to in-
sure our safety and peace and made an
eloquent plea that we support them.
He said the Red Cross required little
explanation, its work being the noblest
and best know of all organized benev-
olence.

Altogether Governor Stanley made a
most favorable impression upon the
vast audience. Distinguished, big-voic-
ed, big-hearted and big-brained he
fairly thrilled his hearers and none of
them were so little or so narrow as to
have a partisan thought. He closed
by saying he was not working for any
party, he was giving no thought to
Democrats or Republicans to the "wets"
or the "drys" but he was putting his
time, his thought, his soul and being
into the preservation of the "Land of
the Free and the Home of the Brave".

After the stirring address of Gov-
ernor Stanley, chairman Hudson made an
earnest plea for contributions which
resulted in subscriptions to the amount
of nearly \$2,000. Those who have con-
tributed are as follows:

T. C. Rankin	\$100.
J. S. Haselden	\$100.
B. F. Hudson	\$100.
W. R. Cook	\$100.
J. Y. Robinson	\$100.
V. A. Lear	\$100.
W. A. Farnau	\$100.
J. E. Robinson	\$100.
Mrs. R. I. Burton	\$100.
Wm. Lear	\$100.
R. J. Lewis	\$100.
W. B. Burton	\$100.
R. L. Burton	\$100.
Gill Sisters	\$100.

LIBERTY BONDS NOW

SOLD AT A PREMIUM

The Treasury Department's announce-
ment that subscriptions to the \$2,000,-
000,000 Liberty Loan had reached the
total of \$3,035,226,850, necessitating a
considerable cutting down of the larger
sized applications, had the effect of
stimulating trading in the new Govern-
ment securities on the Stock Exchange
yesterday. The large oversubscription
showed the demand for the bonds was
greater than the supply and forecast
the selling of the bonds at a premium.
